THE NEW ŠKODA OCTAVIA
ACCESSORIES
LONG LIVE THE OCTAVIA!

OCTAVIA has long been ŠKODA’s most successful model. To maintain this privileged position looking forward, it requires constant development and innovation in all areas, including design, comfort, handling, crew safety and environmental friendliness. We are honoured and pleased that the new OCTAVIA is literally teeming with new features and, even at this early stage, we are certain that it will do its name proud.
Charging

Cable for public charging
available as a spare part
The MODE 3 cable is for public charging networks. This product is for charging stations that don’t have a charging cable or are equipped with an unsuitable one. The cable length is 6m.

Cable for home charging
available as a spare part
The MODE 2 cable is a great solution for customers who need to charge their car from regular “home” socket. The cable length is 6m.

ŠKODA iV Charger
Powered by Elli
The ŠKODA iV Charger or “wallbox” is a wall-mounted charging point for ŠKODA passenger cars. It provides electricity to the vehicle when it is plugged in using a cable. It is currently offered in two variants: ŠKODA iV Charger and ŠKODA iV Charger Connect. It delivers the car with power of up to 11 kW.

Bag for charging cables
950 007 317BQ
A practical accessory for any electric car, used for carrying the charging cable.

Cleaner for charging cables
950 006 150F
The charger cable cleaner is used for cleaning and/or drying the cable before placing it in the interior of the car or a bag.

Cable for public charging
Installation as a spare part
The MODE 3 cable is for public charging networks. This product is for charging stations that don’t have a charging cable or are equipped with an unsuitable one. The cable length is 6m.
SPORT & DESIGN
DECORATIVE DOOR SILL COVERS

Four piece side door sill covers with OCTAVIA inscription and two piece illuminated door sill covers, which perfectly follow the contours of the vehicle, are an original feature with aesthetic as well as practical functions. They protect the paintwork around the door sills from dirt.

Did you know, that...

All the alloy wheels have passed rigorous homologation tests of ŠKODA AUTO to prove their resistance to corrosion, climatic influences and driving strain?

Moreover, alloy wheels are protected by a layer of extremely hard, heat-resistant paint.

ŠKODA CONNECT

It’s about the journey, not just the destination – and with the ŠKODA OCTAVIA, everyone in the vehicle can enjoy the trip. A connected multimedia system makes it easy to communicate with friends and family, get the information you need, and keep you and your passengers happy and entertained while you drive.

Use the ŠKODA Connect App to remotely check the status of the vehicle, lock or unlock it, or display its parking position, using your mobile device, with a number of further functions just waiting to be explored. Benefit from statistical insights into your last trip, and use them to plan a more efficient route next time.

CONNECT App

With ŠKODA Connect App in place, your car remains under your control at all times. Access all necessary features and functions of your vehicle anywhere and anytime from your smartphone or smartwatch. Features are available based on ordering ŠKODA Connect bundle: Infotainment Online or Care Connect.
Imagine an app for your smartphone that serves as your companion every day. An app that provides you with detailed information about your car and its service wherever you are. A way to get immediate help from roadside assistance or your favourite dealer. A true personal assistant making sure you always arrive on time. Meet the MyŠKODA App.

MyŠKODA App is a mobile application available for iOS (Apple) and Android (Google) devices. Its principal task is to help you in various daily situations connected not just to your car. The application is equipped with PAUL (Personal Assistant U Love), an interactive assistant who guides you through the app and helps with daily issues.

Wouldn’t it be nice if you could squeeze your car into your smartphone? ...with MyŠKODA App, you can have much more...

Please note: MyŠKODA App support ends in 36 CW this year.

My Car – A key part of the app is focused on your car. Car Data offers the latest summary about your car and its service appointments. Car Manual is an interactive copy of the Owner’s Manual, and a whole range of step-by-step tutorials is available in the Before You Start, Control Lamps, Quick Tips, Video Tips and Simply Clever sections. You can receive selected latest data from your vehicle directly in your mobile phone by connecting with compatible infotainment system.

My Dealer – The MyŠKODA App comes with a hotline connecting you to your favourite dealer. Browse the opening hours and offered services, or request an appointment by filling out a simple form so the dealer can call you back.

Assistance – Whether you are stranded on the side of the road or your car doesn’t start in front of your house, ŠKODA Assistance is just 3 clicks away. Tap on the receiver icon and let our team get help to you as quickly as possible.

Calendar – PAUL keeps an eye on traffic, weather and the fuel tank to let you know if there might be any trouble on the road and if you should set off earlier. He can activate your alarm earlier if there is a chance you might be late because of heavy traffic or bad weather.
COMFORT & UTILITY
THERMO-ELECTRIC COOLING BOX

Refresh yourself during hot summer days. Thanks to the cooling box from the ŠKODA Accessories range you can always have cold drinks, fruit, snacks or anything that revives you on hand in your car. The thermo-electric cooling box’s utility and versatility makes it the ideal accessory for any ŠKODA vehicle to make your life that little bit easier when travelling from A to B. It is indispensable both on long car journeys and for food that needs to be kept cool when you do your daily shop. Available in 15L and 20L variant.

LED LAMP

The interior LED light from the ŠKODA Genuine Accessories range improves comfort, especially on long journeys.

UMBRELLA

For your convenience, this umbrella fits in the door of both driver and passenger.

ICE SCRAPER AND BRUSH

Don’t let the weather surprise you, be prepared with our ice scraper and brush that will help you in any icy and snowy situation. It also fits in both drivers and passengers door.
TEXTILE FOOT MATS

These foot mats add a cozy touch to your vehicle interior and reduce the noise level inside the vehicle, thereby increasing the comfort of the vehicle occupants when travelling.

ALL-WEATHER FOOT MATS

Thanks to its practical and clever design and material, they perfectly cover and protect the footwell floor from mud, dirt and water. Just to keep a piece of mind when you take your vehicle for a field trip.
Make transport of your belongings even easier and more convenient with a variety of products such as netting system, ski sack, fixing elements or a boot storage bag. You will also appreciate the boot floor protection solutions such as boot mats and a boot dish.
SMART HOLDER - COMFORT PACK

There are many reasons why drivers love ŠKODA vehicles. Some people appreciate the practicality, others admire the family virtues, and some others are impressed by the timeless design and comfort. We have prepared packages to help you use your car’s space according to your varied needs. Enjoy your very own comfort zone wherever you go. Comfort Pack offers many smart solutions to make your business and family trips even more pleasant.

CHILD SEATS
SAFETY TESTING

Do you want to ensure the maximum safety of your children in the car? The child seats from ŠKODA Genuine Accessories with mounting options for transporting against the direction of travel, comfort and variability, represent the best solution for transporting the smallest passengers.

Practical and variable
The intelligent design of these child seats allows the child to not only be seated in the back, but also on the front passenger’s seat where you can see them. The child seats feature variability and numerous setting options to adapt them to the changing size of your children.

Perfectly verified
All child seats from ŠKODA Genuine Accessories comply with European safety regulations (ECE R44/04) and have satisfied these regulations, ensuring quality and safety. The high quality and safety of these child seats is demonstrated by their excellent results in the Euro NCAP impact test, together with successful non-combustibility testing, harmful substance ratings and cover quality.

QUALITY THAT HOLDS AND LASTS

Did you know that the textile floor mats from ŠKODA Genuine Accessories also undergo the so-called ‘heel test’? This test simulates the action of the driver’s foot on the accelerator, sinking the heel 5 mm into the floor mat in both dry and wet conditions at an angle of 45°.

The floor mats also undergo an additional load test in the form of a long driving test, and further focus is placed on the brackets fixing the front floor mats to the car upholstery. The tests are designed to verify the proper clip strength needed to enable comfortable handling by the driver, while keeping the floor mat in place despite the occasional application of force during the drive.

ŠKODA Genuine Accessories are offered by ŠKODA as optional extras at additional charges. Colours, designs and materials may differ from those in the illustrations. Information such as specifications, appearance, performance, dimensions, weight, fuel consumption and operating costs relating to the illustrated vehicles and products is based on information available at the time of printing this document, and ŠKODA AUTO reserves the right to change these data.

Correct rim and tyre size combinations are available in the Registration Certificate and/or from your dealer. When choosing snow-chains, make sure to follow the indication in your car’s certificate of roadworthiness. Wheels depicted on the cars may not be part of the available range.

Please contact your ŠKODA Partner for information as to which products are available and suitable for your model, what restrictions apply, the installation times required and costs. Subject to change without notice. Vehicle parameters such as weight, rolling resistance and aerodynamics may vary depending on additional equipment and accessories (attachments, tyre sizes, etc.) and may, together with weather, traffic conditions and individual driving styles, affect fuel consumption, electricity consumption, CO₂ emissions and other performance parameters. ŠKODA Genuine Accessories are not used to determine consumption and emission levels, and can therefore only be fitted after the vehicle’s first registration.
