Confidence isn’t just for public speaking. It’s an attitude that steers you through life. And if you weren’t born with it, you can always borrow it from the ŠKODA FABIA. With its sharp, angular lines it’s way too bold to be shy. But its confidence isn’t just locked in its looks. Being a thoroughbred ŠKODA means it comes with thoughtful Simply Clever details that add comfort to confidence.

The FABIA is yet another example of our philosophy of making beautifully designed cars that are as much a joy to drive now as they were back when we started.

That’s Simply Clever. That’s ŠKODA.

Driving your ŠKODA isn’t just about driving. It’s the functions, the features, and the personal touches that add up to a brilliant experience. It’s the music you play on the way to your destination. It’s the security of knowing that great support is never more than a few taps away.

Your ŠKODA vehicle is your everyday companion – and thanks to MyŠKODA, it’s so much more. Now available for iOS (Apple) and Android (Google) devices, it provides comprehensive information about your car and its service no matter where you are. Use Apple CarPlay and AndroidAuto to mirror MyŠKODA via the onboard infotainment system and listen to your favourite tunes. Get roadside service or talk to your preferred dealer at a moment’s notice.

Ask PAUL – the Personal Assistant. U Love – to check traffic, set alarms, and solve your day-to-day challenges.

Please note: MyŠKODA App support ends in Q3 this year and will be replaced by ŠKODA Connect App.

TESTING & QUALITY
Do you want to ensure the maximum safety of your children in the car? The child seats from ŠKODA Genuine Accessories with mounting options for transporting against the direction of travel, comfort and variability, represent the best solution for transporting the smallest passengers.

[Practical and variable][Perfectly verified]

QUALITY THAT HOLDS AND LASTS

Textile floor mats undergo the heel test that stimulates the action of the driver’s foot on the accelerator. Also undergo the load test that stimulates a long driving test.

PREFER QUALITY? CHOOSE ŠKODA GENUINE ALLOY WHEELS

Independent comparative tests between Genuine and non-original Alloy Wheels were done by an independent institution. The tests include: Driving, Surface, Material, Axial and Radial Impact.

Correct rim and tyre size combinations are available in the Registration Certificate and/or from your dealer. When choosing snow-chains, make sure to follow the indication in your car’s certificate of roadworthiness. Wheels depicted on the cars may not be part of the available range. Please contact your ŠKODA Partner for information as to which products are available and suitable for your model, what restrictions apply, the installation times required and costs. Subject to change without notice.

Vehicle parameters such as weight, rolling resistance and aerodynamics may vary depending on additional equipment and accessories (attachments, tyre sizes, etc.) and may, together with weather, traffic conditions and individual driving styles, affect fuel consumption, electricity consumption, CO₂ emissions and other performance parameters. ŠKODA Genuine Accessories are not used to determine consumption and emission levels, and can therefore only be fitted after the vehicle’s first registration.
