Reimagined and reenergised, the Superb remains our most spacious, prestigious and technically advanced car. Now it's time to leave your own distinctive mark on this award-winning model, with the addition of Genuine Accessories.

Each feature in the range enables you to personalise your car in a way that both reflects your style and makes your life easier. How? By using the finest materials and latest technology to enhance functionality at every turn. Of course, you’ll also find a host of stylish extras simply designed to put a smile on your face.

It also goes without saying that whether opting for added safety or connectivity, greater luggage space or a little more luxury, every accessory has been rigorously tested and is fully compatible with the Superb.
THE SMART WAY TO PERSONALISE

While every Genuine Accessory in our range is different, all share the same three characteristics – smart compatibility, smart reliability and smart safety. With that in mind, here are just a few of our favourite accessories that reflect our genuine commitment to quality.

Make your drive more enjoyable for rear passengers by equipping your car with the multimedia holder, which enables you to securely fit a device to the rear armrest or the front seat backrest.

Is cycling your first love? Is ŠKODA your favourite four-wheel brand? Then this ŠKODA bicycle is made for you.

If you like mixing elegance with sportiness, you’ll love the 19” Supernova brushed light-alloy wheels.

Pack all the skis and snowboards for your family vacation inside the spacious roof box.

Protect the door sills from damage by opting for the decorative yet practical door sill strips with backlight and Superb inscription.

THE SMART WAY TO PERSONALISE

Protect the door sills from damage by opting for the decorative yet practical door sill strips with backlight and Superb inscription.
Precision, dynamism, elegance. The Superb’s crystalline design conveys each of these in style. With the addition of alloy wheels and decorative trimmings, you’ll soon be able to add sportiness to the list.
SPORT & DESIGN

While increasing the sports credentials of your Superb may begin with the alloys, the following Genuine Accessories enable you to further enhance the dynamic styling across the entire car. Whether adding chrome embellishments to the rear, or honing the foot pedals and door sills inside, it’s time to turn your car into an athlete.

WHEELS

TRAVEL BUSINESS CLASS
Elegant or sporty? Platinum or silver? Five or fifteen-spoke?
Our choice of Genuine Wheels gives you the perfect opportunity to stand out on your own terms.
When it comes to checking the quality of our alloy wheels, we're unapologetically testing. First they have to prove their resistance to corrosion, climatic influences and driving strain. Then the layer of heat-resistant paint is tested over and over for strength and durability.
These Genuine Accessories have been designed to keep you fully online on the go, while opening up a whole new world of entertainment, information and communication via your personal devices.
MAP AND SOFTWARE UPDATES

It’s important to know the latest shortcuts to take, places to park and routes to avoid. That’s why we’ve created our Infotainment Portal, which enables you to quickly update and maintain your onboard systems helping you to save both time and money.

Simply head to infotainment.skoda-auto.com, enter your VIN code and the state-of-the-art system will identify any updates you need and give you the option to download them from the comfort of your home.

What’s more, if you buy a new ŠKODA vehicle or navigation system, you’ll get free map updates of Europe for the first three years.

SMARTGATE

SmartGate allows you to record and analyse your drive to help you cut fuel costs and extend the life of your Superb. It works by sending real-time data on every aspect of your drive to your smartphone or tablet, allowing you to analyse it and even share it with friends and family. It also includes the MFA PRO system, which records your acceleration, rpm, light settings and more. Think of it as a ‘black box’ for your Superb. (5EO 063 218)

SMARTLINK+

From taking emergency calls to switching between songs, SmartLink+ enables you to safely use your smartphone through the infotainment system. The SmartLink+ activation key incorporates three interfaces: MirrorLink, Apple CarPlay and Android Auto. (000 054 830A)

ŠKODA DRIVE APP

This handy app provides crucial information regarding the efficiency of your drive. The ŠKODA Drive Portal widens the possibilities further by letting you manage information and monitor driving effectiveness and costs of multiple cars equipped with the SmartGate system.
Whether heading out on a business trip, family escape or a road trip with your four-legged best friend, these accessories will increase the comfort of everyone onboard. Furthermore, they'll ensure you make the most of every inch, whether that's packing it with golf clubs, loading up with camping gear or filling it with chew toys.
From splatter-saving mud flaps to stain-saving floor mats, keep your Superb looking its best, both inside and out, with this selection of practical accessories.

BEST FOOT FORWARD

When it comes to testing, you’ll never find us putting our feet up. You will however find us putting them down, as we carry out a heel test on every one of our textile mats. This test replicates the action of the driver’s foot on the accelerator, sinking the heel 5mm into the floor mat in both dry and wet conditions at an angle of 45°. An additional long driving test is also carried out, this time placing the focus on the brackets fixing the front floor mats to the car upholstery. It’s only as a result of both tests that the perfect balance between driver comfort and safety is achieved.
BOOT SYSTEMS

Wet paws. Muddy shoes. Dusty treads. With our range of boot accessories your Superb can handle all the adventure and mess you throw at it. While the clever netting system increases the flexibility of the luggage space and prevents your items going on any unplanned trips.

While we love big ideas at ŠKODA, it's often the smaller ones that excite us the most. Those little sparks of inspiration that make your life easier, and journeys more enjoyable. That's the thinking behind this collection of accessories. Some increase practicality, others comfort, but in all cases you'll wonder how you ever coped without them.

With one of the best luggage capacities in its class, you’ll never have to compromise on what you pack into your Superb. However, larger items that won’t easily fit in the boot can be effortlessly fixed to the roof with the addition of a roof rack. Still got more to carry? Then perhaps a tow bar is in order, after all, the car’s powerful engine is more than up to the challenge of pulling a trailer.
ROOF RACKS, HOLDERS AND BOXES

With the simple addition of the basic roof rack, your Superb suddenly transforms from a family car into an adventure wagon. Bikes, skis and luggage can all be easily mounted to the roof rack, which is 100% compatible with the Superb. You’ll also avoid the potential safety hazards that can occur by fitting non-genuine ŠKODA accessories.

HANDLE WITH CARE

Our racks undergo a number of demanding tests, from corrosion resistance and loading capacity to durability and water tightness. They’re also subjected to simulated crash conditions, where a rack loaded with 90kg must remain on the car body under a force of approximately 12G. After all, the last thing we’d ever want is your luggage or bikes to go on a trip without you.
Lockable ski and snowboard box

Personalising your Superb isn’t simply about making colour choices and wheel selections. It’s about deciding what safety equipment you need to suit your personal circumstances. That’s why we’ve created this range of 100% compatible Genuine Accessories, which includes everything you need to keep your loved ones, little ones and even furry ones safe and sound. Finally, to help you protect the beauty of your car we’ve also designed a range of car care products.
To ensure the maximum safety of your smallest passengers, our child seats feature variable mounting options that allow you to transport your child both with and against the direction of travel, depending on their position in the car.

**PRACTICAL AND VARIABLE**

The intelligent design of these child seats allows your child to be seated both in the back of the car, but also on the front passenger's seat where you can keep a closer eye on them. The seats also cleverly adapt to the ever-changing size of your children, making them a great long-term investment.

**PERFECTLY VERIFIED**

All our child seats comply with European safety regulations (EKH 44.04) and have been rigorously tested. Their high quality and safety is further highlighted by their excellent results in the Euro NCAP impact test, together with successful non-combustibility testing, harmful substance ratings and cover quality.
