With its state-of-the-art technology, smart safety systems and intelligently spacious design, the Rapid Spaceback ensures you experience more at every turn. With the addition of Genuine Accessories, you can also add more dynamic touches and stylish functionality too. Not to mention more ways to stay connected on the go. Everything you need in fact to create a space that’s distinctly personal and full of character.

Exterior packs add a sportier edge. Safety enhancements bring peace of mind. While inventive extras make transporting both loved ones and luggage easier. In all cases, every accessory has been rigorously tested and is fully compatible with the Rapid Spaceback.
SPORT & DESIGN
The Rapid Spaceback is a car built on precision. Where every exterior line has been sharpened, every interior feature refined, every inch of space optimised. It’s only fitting then that the following range of decorative Genuine Accessories has been designed to further enhance the dynamic look of the car. Both inside and out.

**RED & GREY PLUS PACK**

- ŠKODA Genuine Accessories
  - Design foils set (Front bumper, bonnet, roof, tailgate under the window)
    - (5JA 064 317E / 5JJ 064 317H)
  - Roof spoiler in body colour (5JJ 071 646)
  - Rear diffuser (5JJ 071 610)
  - Front spoiler bicolour (5JJ 071 609)

This pack can only be ordered for a new car and is professionally assembled by ŠKODA.

**RED & GREY PACK**

- ŠKODA Genuine Accessories
  - Roof spoiler in body colour
    - (5JJ 071 646)
  - Design foils set (Front bumper, bonnet, roof, tailgate under the window)

**PUT TO THE TEST**

When it comes to checking the quality of our alloy wheels, we're unapologetically testing. First they have to prove their resistance to corrosion, climatic influences and driving strain. Then the layer of heat-resistant paint is tested over and over for strength and durability.
ŠKODA Genuine Accessories

**Matone** 6V0 071 495A 8Z8

INFOTAINMENT
Say goodbye to unplanned detours, motorway boredom and roadside phone calls. These Genuine Accessories have been designed to keep you fully online on the go, while opening up a whole new world of hands-free entertainment, information and communication.

INFOTAINMENT

Updating your maps and software

Our goal is to make your life easier and your trips a pleasure. To achieve this, we prepared a new Infotainment Portal for you, using state-of-the-art technologies.

Visit infotainment.skoda-auto.com, enter your vehicle VIN code and see how easy it is. The system recognises which updates you need and offers you the chance to download them comfortably at home. If you buy a new ŠKODA vehicle or navigation system, you get free map updates of your Europe navigation database for three years.

MAP AND SOFTWARE UPDATES

It’s important to know the latest shortcuts to take, places to park and routes to avoid. That’s why we’ve created our Infotainment Portal, which enables you to quickly update and maintain your onboard systems helping you to save both time and money.

Simply head to infotainment.skoda-auto.com, enter your VIN code and the state-of-the-art system will identify any updates you need and give you the option to download them from the comfort of your home. What’s more, if you buy a new ŠKODA vehicle or navigation system, you’ll get free map updates of Europe for the first three years.

COMPATIBILITY LIST

This application shows which of your external devices, for example your smartphone or tablet, are compatible with the Octavia’s many infotainment features such as SmartLink.

PLAN AHEAD WITH MYDESTINATIONS

With the MyDestination online tool, you can set up any attractions and places of interest you want to visit well in advance of leaving the house. Once you’re finished, simply import the list to your navigation device and you’ll be ready to go the moment you jump behind the wheel.

COMFORT & UTILITY
We believe the best ideas aren’t always the biggest or flashiest, they’re the ones you couldn’t live without. The ones that simply make life, simpler. Like an ice scraper you can’t see, but that’s always available on a frosty morning. Or a netting system for the boot to stop your luggage going for a walk. Speaking of walkies, these accessories also enable you to transport your four-legged friend in complete comfort and safety.

Beige (5JA 061 107 WC4)
BEST FOOT FORWARD

When it comes to testing, you’ll never find us putting our feet up. You will however find us putting them down, as we carry out a heel test on every one of our textile mats. This test replicates the action of the driver’s foot on the accelerator, sinking the heel 5mm into the floor mat in both dry and wet conditions at an angle of 45°. An additional long driving test is also carried out, this time placing the focus on the brackets fixing the front floor mats to the car upholstery. It’s only as a result of both tests that the perfect balance between driver comfort and safety is achieved.

COVER ALL BASES

If you’re planning to venture off the beaten path a little in your Rapid Spaceback, we recommend fitting an engine cover. Once mounted, the plastic cover protects the engine from water, dust, mud and rocks, as well as providing resistance against mechanical and chemical damage.

That’s not all though. Engine noise is lowered, fuel efficiency is improved and the day-to-day damage to your alternator, starter motor and many other components is reduced, which means they’ll last longer too. What’s more, mounting the engine cover doesn’t require any modification to the car’s chassis.
THOUGHTFUL EXTRAS

While the Rapid Spaceback is packed with cutting-edge technology, we didn’t forget about the practical touches you often rely on the most. These accessories extend the list further still.
When it comes to luggage room, the Rapid Spaceback more than lives up to its name. However, if heading out for a sports trip or family adventure sometimes even 415 litres of interior space isn't enough. With the simple addition of the basic roof rack, your bikes, skis and luggage can all be easily mounted to the roof rack, which is 100% compatible with the Rapid Spaceback. You'll also avoid the potential safety hazards that can occur by fitting non-genuine ŠKODA accessories.

SAFETY

When it comes to choosing safety equipment for your car, it’s often as important to consider your personal circumstances as your passengers on board. That’s why we’ve created this range of 100% compatible Genuine Accessories. Endlessly darting between kids’ clubs? Our child seats ensure your smallest passengers are always sitting comfortably. Collecting motorway miles the norm? A first aid box and warning triangle should be a priority. Driving in severe weather unavoidable? Snow chains could fast prove essential for your Rapid Spaceback come winter.

To ensure the maximum safety of your smallest passengers, our child seats feature variable mounting options that allow you to transport your child both with and against the direction of travel, depending on their position in the car.

PRACTICAL AND VARIABLE

The intelligent design of these child seats allows your child to be seated both in the back of the car, but also on the front passenger’s seat where you can keep a closer eye on them. The seats also cleverly adapt to the ever-changing size of your children, making them a great long-term investment.

PERFECTLY VERIFIED

All our child seats comply with European safety regulations (ECE-R 44.04) and have been rigorously tested. Their high quality and safety is further highlighted by their excellent results in the Euro NCAP impact test, together with successful non-combustibility testing, harmful substance ratings and cover quality.

Watch the child seat testing video.
