THE KODIAQ – BREAKING NEW GROUND

As ŠKODA’s first ever seven-seater SUV, the KODIAQ comes with more as standard. More opportunities to explore unknowns, escape the norm and banish boredom on exhilarating 4x4 family adventures. More ways to rediscover and reconnect with nature.

You'll also find more practical spaces, more inventive design touches and be more connected on the road than ever before. And the more you throw at the KODIAQ, the more fun you’ll have.

So jump in and break free.

DESIGNED TO MAKE A STATEMENT

The KODIAQ isn’t just a car built to take on the toughest terrains with ease. Its tornado lines, precise edges and crystalline influences add to its distinguished style.

FRONT LIGHT SYSTEM

This adaptive system adjusts light intensity to match the conditions, providing a wider lighting field for city driving and a longer reach for motorways. When oncoming traffic is detected, it automatically adjusts to prevent dazzling others.

REAR LED LIGHTS

Designed to be seen in every sense, these rear LED lights feature ŠKODA’s distinctive C-shape crystalline style with their prominent and eye-catching multi-faceted finish.
This electrically adjustable panoramic sunroof and blind provides extra sunlight and fresh air at the simple touch of a button.

Ranging from 18” to 20”, a choice of alloy wheel options are available, giving you the opportunity to uniquely personalise the KODIAQ’s distinctive exterior.
FIRST-CLASS TRAVEL FOR UP TO SEVEN PASSENGERS
With many clever features designed to make your life just a little easier, the only thing not packed into the KODIAQ’s stylish interior are your passengers. Available with up to seven seats.

DIGITAL VOICE ENHANCEMENT
Particularly handy on noisy roads, this innovative feature transmits the voices of those in the front seats to rear seat occupants in real time through the infotainment system.

TRI-ZONE CLIMATE CONTROL
This intelligent system enables different temperatures to be set for the driver, co-driver and rear passengers. It’s also fitted with a sun sensor and humidity sensor to reduce windscreen misting.

LED INTERIOR LIGHT PACK
Selecting the KODIAQ’s LED ambient lighting is anything but a black and white decision. From the understated to the unapologetically bold, 10 colour options are available.

PERSONALISATION OPTIONS
The infotainment system enables different drivers to save their individual preferences, from seat positioning and driving mode to the choice of music on the radio.
CONNECTIVITY TO GO WHEREVER YOU GO

By enabling you to be fully online on the move, the KODIAQ helps you stay connected wherever your adventure takes you. Thanks to its smart assistance systems, you’ll also know the best places to park, shortcuts to take and routes to avoid.

ŠKODA CONNECT
The new ŠKODA Connect system turns the KODIAQ into a fully interconnected car. Infotainment Online provides satellite navigation, traffic reports and calendar updates. With Proactive Services the car will contact your ŠKODA Retailer to arrange a service. Finally, Emergency Call will contact the emergency services in the event of an accident to get you the help you need.

SMARTLINK+
SmartLink+ enables you to connect your smartphone through the infotainment system with Apple CarPlay™ and Android Auto™ as standard across the range.

NAVIGATION SYSTEM
The Columbus satellite navigation with 9.2" touchscreen display and integrated Wi-Fi will get you from A to B, but why stop there? With its Bluetooth®, SmartLink+ and Wi-Fi capability, it offers more connectivity on-the-go.

CANTON SOUND SYSTEM
Premium German sound engineering, tailor-made to your KODIAQ. The CANTON Sound System delivers powerful clarity from 10 speakers around the car.
VIRTUAL COCKPIT
Put all the information you need right in front of your eyes with the customisable 10.25" digital display. It replaces the traditional instrument dials and can be customised with four views (Classic, Basic, Extended and Modern). A fifth Sports view is available for SportLine and vRS models.
There's always room for more toys, more snacks and the occasional four-legged friend. After all, life's too short to let anything ever get in the way of quality family time away. Especially a lack of space.

**JUMBO BOX**
Equipped with cup holders and handy storage compartments, the Jumbo Box will store your gadgets, house keys and books.

**SPACIOUS STORAGE**
Several spacious storage compartments have been included in the interior to help you keep it looking its best. Some can also be air-conditioned, making it perfect for storing chilled refreshments.
With one of the best luggage capacities in its class, you no longer need to compromise on what you pack. With the rear seats folded (five seat versions), there’s a remarkable 2,065 litres of space available. That means ample room for everything that’s important to you. The remote release button makes folding the rear seats easy.
DOOR EDGE PROTECTION
All side doors can be fitted with plastic strips that eject upon opening and cover the edge of the door. Ideal when you’re in a tight parking spot.
At ŠKODA we believe the best ideas are those that make our lives simpler. That’s why the KODIAQ is full of practical touches to ensure every trip is easy.

**CHILD SAFETY LOCKS**
With a quick push of a button, you’ll enjoy the peace of mind that comes from knowing the youngest adventurers onboard aren’t going anywhere.

**REMOTE BOOT OPENING**
When your hands are full, simply swipe your foot underneath the luggage compartment to automatically open the door. We call this the Kick Activation (Virtual Pedal), which only works when it detects your keys are in range.

**UMBRELLA STORAGE**
A spot of rain will never dampen your spirits again thanks to the umbrellas located in the front doors.

**FUEL DOOR**
With fuel-fill protection, you’ll never load up with the wrong fuel again. You’ll also find a handy ice scraper on the fuel door for those frosty mornings.

Models shown are not UK specification. Some of the equipment shown is optional.
Obstacles come from every direction and in all shapes and sizes. Once Area View is activated, four wide-angled cameras make you aware of the challenges immediately surrounding you, enabling you to react quickly to whatever comes your way.
ALWAYS LOOKING OUT FOR YOUR SAFETY

PEDESTRIAN MONITOR
Whether it’s a child chasing a loose ball or an adult glued to their smartphone screen, if someone unexpectedly crosses your path the Pedestrian Monitor automatically reduces your car’s speed to help prevent a collision.

PARK ASSIST
This function removes the stress of reverse and parallel parking by identifying if the parking spot is big enough before automatically steering into the space for you.

TRAVEL ASSIST
The onboard camera recognises and displays key traffic signs on the trip computer and navigation system, helping you to be safer behind the wheel.

MULTI-COLLISION BRAKE
In the unthinkable event you have an accident in your KODIAQ, the Multi-Collision Brake system will automatically slow the car to help protect you from any further collisions.

HIGH BEAM CONTROL
Safer for you, kinder to others. Light Assist with High Beam Control can switch to high beam and back automatically, ensuring optimum visibility without dazzling oncoming traffic.

BLIND SPOT DETECT
An extra set of eyes on the road that monitors the blind spots allowing you to manoeuvre safely.

Images shown may not be UK specification. Some of the equipment shown is optional.
MAKE THE UNEXPECTED A FAMILY TRADITION

Even when tackling extreme terrains, every twist and turn is easier with off-road mode, providing hill-hold control, descent and braking assistance.
FUEL-EFFICIENT ENGINES
Whether you favour petrol or diesel, you’ll find a clever engine to suit.

DIRECT SHIFT GEARBOX (DSG)
DSG automatically adapts to your driving style, whilst taking road conditions into account. It reduces the strain on the engine and stress to the driver, by deciding when to change gear, leaving you free to concentrate on the journey.

FOUR-WHEEL DRIVE
The 4x4 system is designed to smoothly distribute the torque between front and rear axles automatically, to help you maintain control and stability.

DYNAMIC CHASSIS CONTROL
This feature lets you switch between six driving modes, giving you added comfort, power or grip, depending on the terrain.
KODIAQ SE

Thanks to the impressive infotainment system and comfort enhancing features, your passengers will be kept amused and refreshed on even the longest adventure.

YOUR KODIAQ, YOUR WAY

From stylish extras that make ordinary trips feel extraordinary, to practical touches that ensure nothing gets left behind, it’s your call to make.

RUNNING BOARDS
To enhance the luxury look, our exclusive, stylish stainless steel, anti-slip running boards make it easier to get in and out of your car, as well as loading various objects stored in the roof box. To guarantee a high load capacity (up to 300 kg) and resistance to damage, they are made from metal and are designed to ensure that their contact surface perfectly copies that of the door sills.

ROOF BOX AND ROOF BARS
By using the roof box in conjunction with our aluminium roof bars, you solve a common problem when transporting large, awkward objects such as skis, snowboards, pushchairs and golf bags that don’t fit into the luggage compartment of a fully seated car. With its spacious 380 litres of volume, it can comfortably carry up to 75 kg in total stability.

THERMO-ELECTRIC COOLING BOX (15L)
Its utility and versatility make this ideal for travelling, whether it’s long journeys or for food that needs to be kept cool when doing your daily shop. It cools your food quickly and uniformly - drinks, fruit and other food are always within easy reach on hot summer days. When switched to Thermobox mode, it allows you to warm up snacks or keep them at the temperature you require.

Images are for illustrative purposes only. Please ask your ŠKODA Retailer for further information. All the above accessories can only be added to the vehicle after production at a ŠKODA Retailer and some may include an additional fitting cost.
PROTECTION PACK

Avoid mud splashes and debris around your KODIAQ’s wheels and sills, as well as in the boot and underfoot. Included in the pack are mudflaps, front and rear floor mats (either textile or rubber), and a boot liner for 5 seat vehicles. All of these items can also be purchased separately.

NETTING SYSTEM
This optional set of nets comes in a variety of sizes increasing the flexibility of the luggage space and preventing objects from sliding around.

MUDFLAPS
Mudflaps prevent stones, grit and road spray from ruining your precious bodywork. This custom design is moulded to fit snugly into the contours of the wheel arches.

REVERSIBLE BOOT LINER
Keep your car’s boot immaculate with this easy-to-clean boot liner. Fabric on one side and plastic on the other, it fits perfectly onto the car’s floor cushion and protects your boot space when transporting dirty or wet items.

FLOOR MATS
These quality mats will keep your carpeted floors looking pristine. Thanks to quick release floor poppers, they won’t slip around beneath your feet. They come in textile fabric but rubber versions are also available for the more outdoorsy types.

REAR SEAT PROTECTION AND DOG SAFETY BELT
Forget worrying about the cleanliness of your car, particularly when transporting your pet. This easy-to-clean seat protector is sufficiently sized to cover the back seats. It is waterproof, washable and has an anti-slip treatment for your pet’s safety. The safety belt keeps your dog safe and is available in a variety of sizes.
BUILD YOUR PERFECT KODIAQ
