THE NEW ŠKODA
FABIA

IMAGE DISCLAIMER
The images presented in this catalogue (brochure) are used for illustrative purposes only and are not intended to form part of any contract or warranty. They display pre-series cars and certain illustrations, features, parts and equipment may differ from the actual production cars and from country to country. To get the exact specification of features, parts and equipment, please get in touch with your nearest ŠKODA dealer.

MyŠKODA App
Get your very own personal digital companion. Download MyŠKODA App featuring PAUL, an interactive assistant who helps you, not only with monitoring your car, but also with streamlining your day.

ŠKODA Connect App
Enjoy full control of your car. Download ŠKODA Connect and access all the on-board features anytime, whether it’s driving data, traffic news, unlocking a route or even where you last parked.

FABIA
THE NEW ŠKODA
A DRIVE OF CHOICE

The choices we make are clues, revealing something about who we are. Choices can be hard. They can be easy. But nowhere are they more enjoyable than inside a ŠKODA FABIA.

If you choose to make a statement, the all-new FABIA has been remastered and restyled. The unique ŠKODA ‘crystalline’ design makes everyone look twice. The lively ColourConcept lets you express your own personality through your drive, with many possible choices of roof and body combinations. The LED lights show the way, and also show our focus on the latest technology.

And while the FABIA’s compact dimensions still make it agile for urban driving, it’s roomy enough inside to carry both people and possessions. As always, ingenious Simply Clever details make the FABIA one of the smartest choices on four wheels.

The FABIA is yet another example of our philosophy of making beautifully designed cars that are as much a joy to drive now as they were back when we started.

That’s Simply Clever. That’s ŠKODA.
Unmistakable. Unmissable. With a new grille as well as a new front and rear bumper design, new headlamps and optional LED lighting, the new FABIA will announce your arrival at every corner.

EXTERIOR DESIGN
The new FABIA radiates a fresh, elegant style with a newly designed exterior that emphasises its crystalline design language. The headlamps, grille and front bumper form a harmonious whole, while the edgy contours add vigour and dynamism to the car.

COMBI VERSION
If you want to be prepared for everything that life throws at you, look no further than the new FABIA Combi. This compact car with balanced proportions combines space with elegance in a refreshing manner.
REAR LIGHT AND REFLECTOR DESIGN
The new FABIA’s lighting signature is remarkable. The rear lights penetrate into the side, thus also illuminating the profile. Moreover, the headlamps include integrated crystalline decorative features referring to the beauty of Bohemian cut glass.

PANORAMIC ROOF
The attractiveness of the car can be highlighted with the panoramic glass roof, which stretches all the way from the windscreen to the roof spoiler and tips you the feeling of freedom and even more space.

HEADLAMP AND FOG LAMP DESIGN
ŠKODA’s crystalline design language truly influences the car’s lighting. Headlamps and fog lamps are angular. Moreover, the headlamps include integrated crystalline decorative features referring to the beauty of Bohemian cut glass.
PAINT THE TOWN BLACK, OR GREEN, OR BOTH

The colours you choose say a lot about you. They give clues to who you truly are. And when you opt for one of the many ColourConcept combinations, you can declare your individuality with pride.
**GLOW IN THE DARK**

The sophisticated light design improves the emotional expression of the car as well as your safety, turning night journeys into a joy. The top-end solution comes with a complete LED system, without compromising on form or function.

**LED HEADLAMPS**

Every new FABIA boasts headlamps with eye-catching strips of LEDs for daylight driving. The top-end option is all about LED technology. The LED headlamps also include corner function.

**LED REAR LIGHTS AND REFLECTORS**

The familiar C-shaped illumination is a typical feature of the ŠKODA brand. In addition, the rear lights can be equipped with LEDs. The reflectors integrated in the rear bumper for better visibility of the car also feature in the new FABIA.
The spacious yet cozy interior features quality materials and precise workmanship wherever you look. It makes this car a lovely place to spend time in.
STAY SHARP, STAY COMFORTABLE

Shut out the chaos when you shut the door. New dashboard décors, upholstery options and plenty of refinements ensure you stay comfortable while staying in control.

STYLE AND FUNCTIONALITY
The new FABIA comes with a wide choice of décor and upholstery with decorative stitching. The stylish details are accompanied with perfect functionality. The dashboard with a newly designed instrument panel is arranged practically so you can get oriented quickly and easily behind the steering wheel.
ŠKODA CONNECT: TAKE THE ONLINE WORLD WITH YOU

Being fully and permanently online means not only having access to entertainment and information, but also possible assistance while on the move. ŠKODA CONNECT is your gateway to a world of unlimited communication possibilities.

ONLINE TRAFFIC INFORMATION
Always take the best route. Up-to-date information gives you a perfect overview of every trip. It also enables you to react to new developments, such as roadworks, accidents and traffic jams.

WEATHER
Get the latest weather report for your current location, destination or anywhere else with detailed forecasts, including precipitation predictions and warnings.

SMARTLINK+
With the SmartLink+ system (ŠKODA Connectivity bundle supporting MirrorLink®, Apple CarPlay, Android Auto) the car’s infotainment system enables the driver to safely use the phone while driving. Plus, all installed applications that are certified as safe for vehicles are compatible with MirrorLink®, Apple CarPlay or Android Auto. The SmartLink+ system also enables you to send car data via cable to your smartphone which gives you access to interesting information about your drive, like driving economy, driving dynamics or service information. (Visit our website for usage terms and compatibility information for SmartLink+.)

PARKING POSITION
Retrieve the exact location of your car in large car parks from anywhere, by displaying the address, time and date of parking on your mobile phone.

EMERGENCY CALL
The SOS call is placed automatically during an emergency where the restraint system has been activated. This emergency system can also be activated manually by pressing the red button on the roof console.

SMARTLINK+
This offer includes two categories of service. While Infotainment Online delivers real-time information to navigation about traffic, for example, Care Connect focuses on help and safety, enabling remote access and control of the vehicle. It also offers an assistance service for any situation that needs it.

DRIVING DATA
Information about your journey, such as average consumption, average speed, distance and journey time is stored. You can display your personal driving data and have an overview of all your trips.

ŠKODA CONNECT
This offer includes two categories of service. While Infotainment Online delivers real-time information to navigation about traffic, for example, Care Connect focuses on help and safety, enabling remote access and control of the vehicle. It also offers an assistance service for any situation that needs it.

My ŠKODA APP
Meet Paul, the interactive assistant of the MyŠKODA App (for Android and iOS systems), who can provide help in various daily situations. You can use him to access information about your car or for a complete description of what controls what, what each warning lamp means, etc. Paul can also keep an eye on the dates in your planner. Not only will you never forget a meeting, but your assistant will also advise you on how to get there.

USB SLOTS IN THE REAR
On the rear part of the front armrest you can find two USB slots enabling mobile phone charging.

AMUNDSEN
The Amundsen navigation system, controlled via a 6.5" touch-screen display, offers many functions of a top radio. The WLAN hotspot comes as standard. The SmartLink+ system is optional.

SWING / SWING PLUS
The Swing radio with 6.5" colour touch-screen display comes in two levels. The basic version features, beside radio function, USB and SD card slots. In addition to the features of the basic Swing version, Swing Plus also offers Bluetooth and SmartLink+. The ŠKODA surround system comes with Swing Plus radio as standard.
SIMPLY CLEVER
BE A GENIUS, OR FIND SOME IN EVERY CORNER

A place for everything and everything in its place. The new FABIA is loaded with Simply Clever features that pop up all around the car, providing even more practicality.

POCKET
Storage pockets on the inside of the front seat backrests can hold a diary, mobile phone or other small items.

GLOVE COMPARTMENT
The closed storage compartment in the dashboard has enough room to fit a 1.0-l bottle.

LED FLASHLIGHT
A practical relocatable LED flashlight (exclusively for the combi variant) can be found on the right side of the luggage compartment. It recharges automatically while the engine is running. This flashlight also serves as regular boot lighting. Opening the 5th door automatically turns it on.

FRONT ARMREST AND CENTRE CONSOLE
While the front armrest features a hidden and closed compartment, the centre console offers dual drink holders as well as a place for small items you want to keep close at hand. The lighting for the centre console will make the interior more cosy.

A place for everything and everything in its place. The new FABIA is loaded with Simply Clever features that pop up all around the car, providing even more practicality.
BOTTLE HOLDERS
The storage compartments in both rear doors can hold a 0.5-l bottle (see photo), while the front doors can hold a 1.5-l bottle.

REFLECTIVE VEST HOLDER
A holder located in the driver’s door compartment makes a reflective safety vest immediately within reach if you need it.

BOTTLE HOLDERS
The storage compartments in both rear doors can hold a 0.5-l bottle (see photo), while the front doors can hold a 1.5-l bottle.

MULTI MEDIA BRACKET
Your personal appliances, like a smartphone, can be safely stored in this multimedia bracket situated in the dual drinks holder on the centre console.

ICE SCRAPER
This clever detail is mounted on the fuel cap and it’s not a problem to replace it when wet.

UMBRELLA BOX
A box with an original ŠKODA umbrella can be found under the passenger seat.
IF IT FITS YOU, IT FITS IN

The luggage compartment runs some impressive numbers: the hatchback offers 330/1,150 litres and the combi 530/1,395 litres. But it isn’t just about volume. It’s about how cleverly the space is organised and maximised so your possessions can be transported carefully and securely.

LOWER POSITION SHELF
The luggage compartment shelf in the hatchback version, when fixed in the lower position, allows you to transport fragile objects, for example.

NET PROGRAMME
A set of nets in varying sizes will keep order in your luggage compartment and will prevent luggage from sliding around.

DOUBLE FLOOR
This special equipment for the combi version places the bottom of the luggage compartment on the loading edge level, facilitating easier luggage handling. In addition, it provides a discrete storage place.
DOUBLE-SIDED CARPET
You can use the carpet with the elegant fabric side up when not transporting anything that might make your car dirty, and can easily turn it over to utilise the washable rubber side when required.

VARIABILITY
The rear seats feature 40/60 folding split. If you need to maintain rear seating for passengers and extend the storage space at the same time, you can fold down just one backrest.

PARTITION NET
The partition net for the combi version separates the luggage compartment from the crew space and increases passenger safety when transporting objects without the luggage compartment cover.
GET INSIDE YOUR COMFORT ZONE

Whether driving is a daily routine or just a weekend occasion, the new FABIA makes your weekdays more pleasant and weekends more fun. State-of-the-art technologies hidden under the sophisticated dashboard will take care of you.

STEERING WHEEL
The multifunctional leather steering wheel enables you to control the radio and phone.

CLIMATRONIC AIR CONDITIONING
The electronic air conditioning will ensure maximum comfort all year round and, thanks to the humidity sensor, will even deal with a steamed-up windscreen.

ELECTRICALLY-ADJUSTABLE WINDOWS
The controls of the front and rear windows are conveniently located in the door paneling. Thanks to the up/down function a single button can be used for every window.

ELECTRICALLY-ADJUSTABLE AND HEATED SIDE-VIEW MIRRORS
The external side-view mirrors can be quickly adjusted and defrosted or defogged from the comfort of your seat without having to open the windows.

LIGHT AND RAIN ASSIST
Your drive will be safer and more pleasant as the Light and Rain Assist can automatically turn the lights and wipers on and off. It also includes Tunnel Light, Coming Home and Leaving Home function.

Comfort

ELECTRICALLY-ADJUSTABLE AND HEATED SIDE-VIEW MIRRORS
The external side-view mirrors can be quickly adjusted and defrosted or defogged from the comfort of your seat without having to open the windows.

Comfort
SAFETY
Travelling is safer with an alert co-driver. Hence the new FABIA comes with plenty of assistants allowing you to react to any situation promptly. Some of the systems can even prevent an impending collision all by themselves.

**PUT EXTRA EYES ON THE ROAD**

**AUTO LIGHT ASSIST**
Your Light Assist will automatically switch to high beam and back, increasing comfort and safety in traffic.

**ADAPTIVE CRUISE CONTROL**
Using a radar device in the front bumper, the ACC, besides maintaining the preselected speed, maintains a safe distance from vehicles in front of you.

**FRONT ASSIST**
The assistant system is designed to monitor the distance from the vehicle ahead, including automatic deceleration and braking. Just like the ACC, Front Assist uses the radar device in the front bumper.

**REAR TRAFFIC ALERT**
This assistant, which comes as part of the Blind Spot Detect system and uses the same radar sensors, helps you reverse safely from a parking space during poor visibility.

**REAR VIEW CAMERA**
Your car can also be equipped with a rear-view camera located on the handle of the 5th door. It monitors the space behind the car and indicates the driving lanes, based on the vehicle width.

**PUT EXTRA EYES ON THE ROAD**

**REAR VIEW CAMERA**
Your car can also be equipped with a rear-view camera located on the handle of the 5th door. It monitors the space behind the car and indicates the driving lanes, based on the vehicle width.
SAFETY ISN’T OPTIONAL

In extreme situations, where the driver cannot actively affect the outcome, the car’s passive safety elements take over – like the airbags. In the new FABIA you are protected by six airbags, which come as standard.

FRONT AIRBAGS
While the driver airbag is enclosed in the steering wheel, the passenger airbag is located in the dashboard. If needed, this can be deactivated when a child seat is installed on the front seat.

HEAD AIRBAGS
Upon activation, head airbags create a wall protecting the front and rear occupants against head injury.

SIDE AIRBAGS
These two airbags protect the pelvis and chest of the driver and front seat passenger in the event of a side collision.
PERFORMANCE
KESSY / EASY START
The car can be equipped with KESSY (Keyless Entry, Start and exit System) or with the simpler version called Easy Start. A Start/Stop button for keyless switching on and off of the engine is located on the steering column.

TRANSMISSION
Depending on the engine version, the car can be equipped with a manual transmission or an automatic DSG (Direct Shift Gearbox).

ENGINE
Our offer includes 3-cylinder petrol engines with MPI as well as TSI technology. You can choose from 44 kW*, 55 kW, 70 kW or 81 kW.

* Available from December 2018.

There’s no need to choose between dynamism or economy. All new FABIA engines offer agility as well as economy and exemplary low emissions. When your itinerary includes long distances, the spirited TSI engine is your perfect match.

POWER FRIENDLY, WALLET FRIENDLY

FRIENDLY
CUSTOMISATION
The standard equipment of the Active version includes chrome front grille frame, electrically-adjustable heated external side-view mirrors in black, tinted windows, LED daytime running lights, centre console with 12 V socket and dual drink holders, central locking, plus more.

The standard equipment of the Ambition version includes external side-view mirrors and door handles in body colour, chrome/silver package with decorative interior elements, electrically-controlled front windows, umbrella under the passenger seat, sunglasses compartment, height-adjustable driver seat, plus more.

Accessories aren’t just fashion fads. With ŠKODA Genuine Accessories, you can transform your car by expanding its practicality, safety and purpose, and make it a lot more suitable for your specific needs.

BACK SEAT PROTECTION
You will certainly value and appreciate the back seat protection, so you no longer need to worry about the cleanliness of your car. The cover is sufficiently sized to cover the area of the back seats in order to protect them against shed hair and dirt from transported animals.

SMART HOLDER – MULTIMEDIA HOLDER
The holder for an external device, which can be mounted on the front seat headrests, will definitely be appreciated by the rear seat passengers.

SMART HOLDER – CLOTHES HANGER
The practical clothes hanger, for your jacket, for example, can be mounted to the front seat headrest.

SMART HOLDER – HOOK
Handbags or backpacks don’t have to take up space on the back seats. Hang them from the smart holder hook fixed to the front headrest.

LTE CARSTICK
The LTE CarStick enables fast and reliable Internet connection. With the LTE CarStick in place, you can comfortably find the nearest petrol stations, book a hotel room or reply to an urgent email while travelling.
